

Oxford Green Action Week | 20-24 February 2023

Before we start

Winter tree identification walk	Learn how to identify trees in winter as you enjoy a guided walk through Wytham Woods with Dr Keith Kirby.	
	Audience: Staff, students and families Offered by: Wytham Woods	
	Sunday, 19 February 10:30am – 12:30pm Meet at the Wytham Woods Main Car Park on Keeper's Hill, Sawmill Yard, OX2 8QQ.	(Full event – no available spaces)

Monday, 20 February

Make Do & Mend - visible mending workshop	Join the Bodleian's Conservation team to learn the basics of creating decorative visible repairs on your favourite clothes. In the workshop we will focus on woven darning and needle felting techniques which work best on woven textiles, like socks and knitwear. Please come to the workshop with something to repair! Darning equipment and materials will be available but please do bring any spare yarn you have at home to reuse in your repairs. Tea and biscuits will be provided.	
	Audience: Students and staff Offered by: The Bodleian Libraries	Register here
Bird walk through University Park	Come along and be introduced to birds and bird song with Ben Sheldon, Professor of Ornithology at the Department of Biology.	
	Audience: Staff and students Offered by: The Department of Biology	Register here
	Monday 20 February, 10:00–11:00am and 11:30am–12:30pm, Meet at Weston Library Reader's entrance, Park's Road, OX1 3BG (Opposite King's Arms)	
	Monday, 20 February, 12:30–13:45, Meet inside the Keble gate at the southwest corner of University Parks, Parks Rd.	

Monday, 20 February

Sustainable labs at Oxford- an introduction to LEAF	<p>LEAF (Laboratory Efficiency Assessment Framework) is the world's largest green lab programme, empowering researchers to implement sustainable practices. Join the over 70 Oxford labs working on LEAF. Learn about resources available to you and your laboratory to complete submission, and how you can implement a successful LEAF rollout.</p> <p>Audience: Staff and students working in labs Offered by: The Environmental Sustainability team and the Dunn School of Pathology Green Group</p>	
	<p>Monday, 20 February, 2:00-3:00pm, Richard Doll Building, RDB Lecture Theatre, Old Road Campus, OX3 7LF</p>	<p>Register here to attend in person or Join on Microsoft Teams</p>

"Oxford's Environmental Sustainability Strategy, where we are two years later"	<p>Join the Environmental Sustainability team and hear about the progress made towards the University's ambitious Environmental Sustainability Strategy, two years after it was approved in March 2021.</p> <p>Audience: Staff and students Offered by: The Environmental Sustainability team and Oxford Student Union</p>	
	<p>Monday, 20 February, 5:00-6:00pm, Kellogg College Hub, 60-62 Banbury Road, OX2 6PN</p>	<p>Register here</p>
"The Future of Transport in Oxford" - a panel discussion	<p>Join our public debate where leading thinkers on sustainable transport will discuss possibilities for the future of travel in Oxford. Moderator Professor Alexander Betts, with panellists Dr Louise Upton (Oxford City Councillor & Lecturer in Neuroscience), Professor Nick Eyre (Professor of Energy and Climate Policy) and Dr Hannah Budnitz (Researcher in Urban Mobility, Transport Studies Unit)</p> <p>Audience: Staff, students and local community Offered by: Oxford SDG Impact Lab</p>	
	<p>Monday, 20 February, 3:00-4:00pm Oxford Town Hall, St. Aldate's, OX1 1BX</p>	<p>Register here</p>
Green Action through Student Entrepreneurship	<p>Do you have a business idea that could help solve the climate crisis? Grow the green economy? Are you interested in developing sustainability-driven technology? Join us to hear from Chloe Fairhurst, founder of Cequestre and winners of the 2022 StEP programme, Oxford University student entrepreneurs and innovation experts, followed by a short networking event with drinks and nibbles.</p> <p>Audience: Students Offered by: Oxford University Innovation</p>	
	<p>Monday 20 February, 5:30-7:00 pm, St Anne's College, Woodstock Road, OX2 6HS</p>	<p>Register here</p>

Monday, 20 February

<p>A pint of sustainability (or a cuppa) – talks in college bars: Food for Thought: a discussion on the History, Behaviour, and Practicalities of Food</p>	<p>Come and hear this panel discussion on food and sustainability from historical, practical and behavioural perspectives, with locally sourced beer.</p> <p>Audience: Students and staff (you might be asked to show your University ID card) Offered by: Balliol College’s Climate and Biodiversity Committee</p>	
	<p>Monday, 20 February, 6:00-7:00pm Balliol College, the “Buttery Bar”, Broad Street, OX1 3BJ</p>	<p>Register here</p>
<p>Introduction to environmental journalism: writing pitches with climate magazine Anthroposphere</p>	<p>Interested in environmental journalism? Come and write a pitch with the editors of the climate magazine, Anthroposphere: The Oxford Climate Review. Gain insights from their experienced team and submit your pitch for a chance to be published!</p> <p>Audience: Students Offered by: Anthroposphere</p>	
	<p>Monday, 20 February, 6:30-8:30pm Christ Church College (Lecture Room 2) Saint Aldate's, OX1 1DP.</p>	<p>Register here</p>
<p>“Hot Mess” – a climate change show</p>	<p>Dr Matt Winning & Jericho Comedy deliver a climate comedy lecture that is sure to leave you in stitches while teaching you about climate change.</p> <p>Audience: Staff, students, and local community Offered by: Jericho Comedy</p>	
	<p>Monday, 20 February, 7:15-8:30pm Common Ground Workspace, 37-38 Little Clarendon St, OX1 2HF</p>	<p>Book tickets</p>

Tuesday, 21 February

Bird ringing and mist netting demonstration with the Pembroke Biodiversity Project	<p>As part of The Pembroke Biodiversity Project and ongoing biodiversity monitoring on Pembroke College's grounds, Will Smith and Michal Jezierski from the Department of Biology will lead a bird ringing demonstration.</p> <p>*Ringing is weather-dependent</p> <p>Audience: Staff and students Offered by: The Pembroke Biodiversity Project</p>	
	<p>Tuesday 21 February, 7:00am (subject to weather), Pembroke College Sports Ground, OX1 4QH</p> <p>*Please note the sports ground is not directly within the college and allow for travel time.</p>	<p>Register here</p>
"Behind the scenes of carbon reduction" - an Oxford tour	<p>Join us for a tour of University estate buildings and their carbon reduction projects led by the Environmental Sustainability team.</p> <p>Audience: Staff and students Offered by: The Environmental Sustainability team</p>	
	<p>Tuesday, 21 February, 11:00am-1:00pm Earth Sciences reception, South Parks Road, OX1 3AN</p>	<p>Register here</p>
Sustainable lab tour	<p>Laboratories can be particularly resource intense, but this does not mean they cannot be sustainable. Take a tour of a lab in the Dunn School of Pathology and learn about their work on the Laboratory Efficiency Assessment Framework (LEAF) and how they have implemented sustainable practices into their research.</p> <p>Audience: Staff and students involved in lab work. Offered by: Dunn School of Pathology Green Group</p>	
	<p>Tuesday, 21 February, 11:00am-12:00pm Dunn School of Pathology, reception area, South Parks Road, OX1 3RE</p>	<p>Register here (Limited capacity 4-5 people per group)</p>
Navigating 'green' graduate jobs & work experience Key findings from Oxford Sustainability Careers week 2023	<p>Following Sustainability Careers Week 2023, Oxford Career Services is offering a virtual talk to help you find sustainable jobs and work experience across different sectors and roles. Learning from a range of talks and events held during Hilary term week 4, the talk will share key findings, useful resources and relevant guidance for students, graduates and researchers. ALL welcome. Please sign up on CareerConnect.</p> <p>Audience: Students Offered by: Careers Services</p>	
	<p>Tuesday 21 February, 1:15 – 2:15pm, Virtual event.</p>	<p>Sign up on CareerConnect</p>

Tuesday, 21 February

Wildlife photography walk	A guided photography walk with the Wildlife Photography and Film-making Society. Bring your camera or phone and go on a treasure hunt to see who can spot and capture images of certain wildlife. The list of things to photograph and the submission form for photos will be posted here .	
	Audience: Staff and students Offered by: Oxford Wildlife Photography and Film-making Society	
	Tuesday 21 February, 12:00 Meet inside the Keble gate at the southwest corner of University Parks. Parks Rd.	No registration required
Green Action through Student Entrepreneurship	Do you have a business idea that could help solve the climate crisis? Grow the green economy? Are you interested in developing sustainability-driven technology? Join us to hear insights from a talented trio of Oxford University founder from OxReGen, followed by a short networking event with drinks and nibbles to meet student entrepreneurs and innovation experts.	
	Audience: Students Offered by: Oxford University Innovation	
	Tuesday 21 February, 5:30-7:00 pm, Magdalen College, High Street, OX1 4AU	Register here
Corporate governance and sustainability	Hear from law professor, Luca Enriques about the importance of corporate governance in driving the ESG objective.	
	Audience: Staff and students Offered by: The Oxford Sustainable Business Society	
	Tuesday, 21 February, 5:30-7:00pm, Saïd Business School, Seminar Room A, Park End Street, OX1 1HP	CANCELLED
A pint of sustainability (or a cuppa) – talks in college bars The environmental impacts of the food and how to measure it	Learn from Environmental Scientist, Eleanor Hammond about the environmental impacts of the food we eat and how organisations can measure biodiversity and carbon impacts using Eco-Metrics.	
	Audience: Students and staff (you might be asked to show your University ID card) Offered by: Christ Church College	
	Tuesday, 21 February, 8:30pm, Christ Church college bar, "The Undercroft," St. Aldates, OX1 1DP	No registration required

Wednesday, 22 February

Green Action Fair	<p>Not sure where to get started to make change, join our Green Action Fair to learn from and about key local environmental organisations, projects, and initiatives in Oxfordshire. Explore sustainable fashion, printing, zero-waste food, wildlife conservation, green careers, and much more!</p> <p>Audience: Staff and students Offered by: Environmental Sustainability team and colleagues</p>	
	<p>Wednesday, 22 February, 11:00am-4:00pm Mathematical Institute - Andrew Wiles Building, Woodstock Road, OX2 6GG</p>	<p>No registration required.</p>
Botanical and insect drawing session	<p>Get inspired from your surroundings and join the botanical and insect drawing session. Drawing materials will be provided although please feel free to bring your own equipment.</p> <p>Audience: Staff and students Offered by: The Pembroke Biodiversity Project team</p>	
	<p>Wednesday 22 February, drop in between 12:00-2:00pm, Pembroke College Sports Ground, OX1 4QH</p> <p>*Please note the sports ground is not directly within the college and allow for travel time.</p>	<p>Register here</p>
"Traditional and non-traditional paths to environmental action" – a roundtable	<p>Join us for an interactive roundtable event where we discuss intriguing questions that showcase the links between environmental sustainability and various disciplines, some aren't usually considered "green". How can your field of study and interests positively contribute to the environment?</p> <ul style="list-style-type: none"> • Can we sue our way out of the climate crisis? – facilitated by Rupert Stuart-Smith, Research Associate in Climate Science and the Law, Oxford Sustainable Law Programme • Can synthetic DNA make a positive contribution to the environment? – facilitated by Chris O'Callaghan, Nuffield Department of Medicine • Could you name one environmental issue that is not linked to the human population? – facilitated by Sarah Harper, Clore Professor of Gerontology, Director Oxford Institute of Population Ageing • What role should petroleum and mining companies play in achieving net zero? – facilitated by Mike Kendall, Chair of Geophysics, Department of Earth Sciences • Are human-animal interactions always bad for biodiversity? – facilitated by Robert A. Montgomery, Associate Professor of Biodiversity and Sustainability, Department of Biology <p>Audience: Students and staff Offered by Oxford University Innovation and the Environmental Sustainability team</p>	
	<p>Wednesday, 22 February, 3:30-5:00pm St Luke's Chapel, Radcliffe Observatory Quarter, Woodstock Rd, OX2 6GG</p>	<p>Full details and registration</p>

Wednesday, 22 February

Sustainable lab tour	Laboratories can be particularly resource intense, but this does not mean they cannot be sustainable. Come tour a lab in the Dunn School of Pathology and learn about their work on the Laboratory Efficiency Assessment Framework (LEAF) and how they have implemented sustainable practices into their research.	
	Audience: Staff and students involved in lab work. Offered by: Dunn School of Pathology Green Group	
	Wednesday, 22 February, 11:00am-12:00pm Dunn School of Pathology, reception area, South Parks Road, OX1 3RE	Register here (Limited capacity 4-5 people per group)
Lowering the carbon footprint of a webpage	Join this informative webinar with Hannah Harris and Stephanie Ferguson from CREDS (Centre for Research into Energy Demand Solutions) to learn how to design greener webpages.	
	Audience: Staff or students interested/working in communications. Offered by: CREDS	
	Wednesday, 22 February, 12:00-12:30, Virtual event	Join on Microsoft Teams
Codeathon and Race to Zero Conference	Come to hear speakers from the United Nations Race to Zero team. Learn about the background of net zero and AI driven data. Stay afterwards to mingle over light snacks.	
	Audience: Students Offered by: United Nations Race to Zero team	
	Wednesday 22 February, 12:00-2:00pm, Worcester College, Memorial Room, Walton St. OX1 2HB.	Register here
"Climate justice walks, stories from the field" - activist talk	Come and meet global climate justice campaigner, Pushpanath Krishnamurthy, as he recounts climate justice stories gathered from walking over 35 million steps in the UK and overseas.	
	Audience: Students and staff Offered by: Dunn School of Pathology Green Group	
	Wednesday, 22 February, 2:00-3:00pm Medical Sciences Teaching Centre, South Parks Rd, OX1 3PL	No registration required
Fairtrade presentation: "What is the Greggs Pledge?" Why responsible sourcing and Fairtrade are important to a successful business?	We're delighted to welcome Paul Irwin-Rhodes, Head of Sustainability at Greggs, to kick off Fairtrade Fortnight early. Paul will be telling us about Greggs and their journey and reasons for adopting Fairtrade and sustainable products followed by a discussion and a chance to ask questions.	
	Audience: staff, students and local community Offered by: Oxford City Fairtrade Coalition in collaboration with Oxford University Fairtrade	
	Wednesday, 22 February, 5:00-6:00pm Nuffield College, New Road, OX1 1NF	Register here

Wednesday, 22 February

Nature walk through Egrove Park	<p>Join the Said Business Green Impact Group on a nature walk through Egrove park with Grounds Manager Nick Bishop. Explore the beautiful area, taking notice of plant and animal life, and learn about the conservation work done at Egrove Park.</p> <p>Audience: University staff Offered by: Oxford Said Green Impact Group and Nature Club</p>	
	<p>Wednesday 22 February, 2:00-3:00pm, Meet at the main reception, Egrove Park, Kennington Road, Oxford OX1 5NY</p> <p><i>* Public transport is available with the 35 bus – from Westgate (Stop E3) to Egrove Park</i></p>	No registration required
Biochemistry Wellbeing Week – Bike Event	<p>Join Biochemistry in celebrating their centenary with a bike spectacular. See the Krebs Cycle ride as two teams race to Sheffield for charity, test e-cargo bikes, visit the bike doctor to get a tune up, and gain resources for bike safety from the Environmental Sustainability team.</p> <p>Audience: Staff and students Offered by: Department of Biochemistry and Vision Zero (The Environmental Sustainability team)</p>	
	<p>Wednesday, 22 February:</p> <ul style="list-style-type: none"> • Bike Doctor (8:30am–3:00pm) • Krebs Cycle (9:00am–5:00pm) • Bike try-outs and resources (11:00am–2:00pm) <p>Courtyard, Dorothy Crowfoot Hodgkin Building, Department of Biochemistry, South Parks Road, OX1 3QU</p>	No registration required
Sustainable lab tour	<p>Laboratories can be particularly resource intense, but this does not mean they cannot be sustainable. Come tour a lab in the Dunn School of Pathology and learn about their work on the Laboratory Efficiency Assessment Framework (LEAF) and how they have implemented sustainable practices into their research.</p> <p>Audience: Staff and students involved in lab work. Offered by: The Dunn School of Pathology Green Group</p>	
	<p>Wednesday, 22 February, 4:30-5:30pm Dunn School of Pathology, reception area, South Parks Road, OX1 3RE</p>	<p>Register here (Limited capacity 4-5 people per group)</p>

Wednesday, 22 February

<p>“Sustainable food: creating a food system for healthy people and planet” – a panel discussion</p>	<p>Food production for an increasing global population is a major contributor to climate change. Hear from experts as they discuss striking the balance between food security and planetary health.</p> <p>Audience: Staff and students Offered by: Oxford Martin School</p>	<p>Register here</p>
	<p>Wednesday, 22 February 2023, 5:00-6:30pm Oxford Martin School, 34 Broad Street, OX1 3BD</p>	
<p>Green Action through Student Entrepreneurship</p>	<p>Do you have a business idea that could help solve the climate crisis? Grow the green economy? Are you interested in developing sustainability-driven technology? Join us to hear insights from a trio of Oxford University innovators, then meet to have a drink and network with founders, entrepreneurs and innovation experts.</p> <p>Audience: Available for Keble and St Hugh’s College students only Offered by: Oxford University Innovation</p>	<p>Register here</p>
	<p>Wednesday 22 February 5:30-7:00 pm, Keble College, Keble Road, OX1 3PG</p>	
<p>A pint of sustainability (or a cuppa) – talks in college bars Is Hydrogen the new clean fuel?</p>	<p>Join us to hear from Lincoln alumni Sandy Arbuthnott (1999) about his work as the Director of HiiROC which is commercialising innovative and transformational technology to enable industrial decarbonisation at scale and distributed production of low cost, zero emissions 'emerald' Hydrogen.</p> <p>Audience: Students and staff (you might be asked to show your University ID card) Offered by: Lincoln College</p>	<p>Register here</p>
	<p>Wednesday, 22 February, 8:00-9:00pm, Lincoln College bar, “Deep Hall”, Turl Street, OX1 3DR</p>	

Thursday, 23 February

"Sustainable suppliers" - lab exhibition	Do you work in a lab? Join us to learn about sustainable procurement tailored to the equipment you need!	
	Audience: Students/staff working in laboratories Offered by: the Environmental Sustainability team	
	Thursday, 23 February, 10:00am-12:00pm Virtual event	Join on Microsoft Teams
Sustainable Societies Panel	Meet the student societies leading on environmental action and sustainable living at Oxford! Panel: <ul style="list-style-type: none"> • Oxford Climate Society • Oxford Nature Conservation Society • Oxford Wildlife Photography and Film-making Society • Oxford Sustainable Finance Society • Oxford Climate Justice Campaign • Moderated and hosted by The Student Union Join us afterwards for a coffee reception with time to make connections and ask questions. See how you can get involved in both big and small ways!	
	Audience: Students Offered by: Oxford Student Union, Careers Services and the Environmental Sustainability team	
	Thursday 23 February, 11:00am-12:30pm Trinity College, Garden Room, Broad Street, OX1 3BH	Register here
Blackout Poetry workshop	Explore your inner poet using old newspapers and magazines! Blackout poetry is a form of 'found poetry' where a poem is created by redacting unwanted words in an existing text. Bodleian Libraries staff who are published poets will be on hand to provide guidance and inspiration for this mindful, creative and fun activity.	
	Audience: Students, academics, researchers, staff Offered by: The Bodleian Libraries	
	Thursday 23 February, 10:00-11:00am, Weston Library Lecture Theatre, access via public entrance, Broad Street, OX1 3BG	Register here
Vision Zero - Sustainable and safe travel	If you cycle or take the bus, come meet with the Environmental Sustainability team to learn about equipment discounts and safety resources available to Oxford staff and students!	
	Audience: Staff and students Offered by: Environmental Sustainability team	
	Thursday, 23 February, 11:00 – 2:00pm Richard Doll building, Old Road Campus, OX3 7LF	No registration required

Thursday, 23 February

'Culture Clashes in Conservation – whose voices get heard?'	Who is conservation in sub-Saharan Africa for, and what does successful conservation look like? Protecting animals, developing rural economies, conserving biodiversity, or reducing conflict between people and wildlife? Explore these questions with the Wildlife Conservation Research Unit and learn about the intricacies of conservation.	
	Audience: Staff and students Offered by: Wildlife Conservation Research Unit, Department of Biology and Biodiversity Network	
	Thursday 23 February, 1:00–2:00pm Oxford Martin School, Lecture Theatre, 34 Broad Street, OX1 3BD	Register here

Tree planting at Wytham Woods	Join the Wytham Woods team planting trees in the University's research woodland. If you've never had the pleasure of visiting before, this is an excellent opportunity to see an ancient wood with over 500 species of plants.	
	Audience: Staff and students Offered by: Wytham Woods	
	Thursday, 23 February, 2:00pm Meet in the Wytham Woods main car park, Sawmill Yard, OX2 8QQ <i>* Public transport is available with the S1 Stagecoach bus – from George Street (Stop A3) to Swinford Bridge.</i>	Register here
Biodiversity walk and bird feed making workshop	Join the Oxford Ornithological Student Society for a biodiversity walk around Christ Church Meadows followed by a workshop at Hertford JCR to create biodegradable bird feeders.	
	Audience: Students Offered by: Oxford Ornithological Student Society	
	Thursday 23, February, 3:00–5:00pm, Meet at Christ Church Meadows right near the Visitor Centre, St. Aldates, OX1 1DP	Register here

Thursday, 23 February

<p>Debate: is increasing consumption the key obstacle to achieving sustainability?</p>	<p>Time is running out on solving one of the world’s biggest problems – how to achieve environmental sustainability while looking after people and economic wellbeing. Oxfordshire Greentech and Cambridge Cleantech invite you to join a debate event as we aim to dive into the key obstacles to achieving sustainability.</p> <p>The event brings together a raft of seasoned experts (including Coordinating Lead Author on the IPCC’s Special Report on 1.5 degrees, Professor Myles Allen and former Director of the Tyndall Centre for Climate Change Research Professor Kevin Anderson) to debate whether they think increasing consumption is <i>the</i> key obstacle to achieving sustainability.</p> <p>Stay afterwards for drinks, networking, and deep diving into more conversations.</p> <p>Audience: Staff and students Offered by: Oxfordshire Greentech and Cambridge Cleantech</p>	<p>Register here</p>
	<p>Thursday, 23 February, 4:00–6:00pm, plus drinks and networking Saïd Business School, Park End Street, OX1 1HP</p>	
<p>A pint of sustainability (or a cuppa) – talks in college bars Green drinks, trivia, and snacks at Green Templeton</p>	<p>Join us for an environmental pub night that will bring those interested in sustainability together for green drinks, trivia, and snacks in the Green Templeton college bar.</p> <p>Audience: Students (you might be asked to show your University ID card) Offered by: Green Templeton College</p>	<p>No registration required</p>
	<p>Thursday 23 February, 8:00–11:00pm, GTC college, the Stables bar, 43 Woodstock Road, OX2 6HG</p>	
<p>A pint of sustainability (or a cuppa) – talks in college bars Decarbonisation projects in Oxford</p>	<p>Lady Margaret Hall’s college bar is hosting a talk on decarbonisation projects and the larger reality of improving building performance in Oxford. Bart Ashton (LMH Domestic Bursar) and Iona Foster (Architect at 5th Studio) will talk about the current LMH building decarbonisation project and take aways for similar projects in the future.</p> <p>Audience: Staff and students (You might be asked to show your University ID card) Offered by: Lady Margaret Hall</p>	<p>Register here</p>
	<p>Thursday, 23 February, 7:00–8:30pm LMH college bar, Talbot building, OX2 6QA</p>	

Friday, 24 February

<p>“What happens after COP27? The role of young and marginalized voices in the UNFCCC” – a panel discussion</p>	<p>Are you interested in what COP27 achieved and the role of young, marginalized voices in global frameworks like the UNFCCC (United Nations Framework Convention on Climate Change)? Join this panel discussion to explore the political intricacies involved in reducing emissions on a global scale, and how you can take part.</p> <p>Audience: Students and staff Offered by: PUSH Sverige and the Martin Society</p>	<p>Register here</p>
	<p>Friday, 24 February, 2:30-3:30pm St Johns College, new seminar room, St Giles, OX1 3JP</p>	
<p>Printing poetry with a historic letterpress</p>	<p><i>“How could such sweet and wholesome hours. Be reckon’d but with herbs and flow’rs!” – Andrew Marvell</i></p> <p>Come to the Weston Library for a unique opportunity to use a historic letterpress! Print yourself a verse of Andrew Marvell’s poem, “The Garden.”</p> <p>Audience: Staff, students, and local community Offered by: The Bodleian Libraries</p>	<p>No registration required</p>
	<p>Friday 24 February, 2:30-3:30pm Blackwell Hall, Weston Library, Broad Street, OX1 3BG</p>	
<p>Sustainability Soirée with George Monbiot</p>	<p>OSBE and Sir Prof Charles Godfray will be hosting George Monbiot to talk about his career advice, and his new book: “RegenesiS-feeding the world without devouring the planet”.</p> <p>The talk will be followed by a chance to mingle over wine and canapes.</p> <p>Audience: Students and staff Offered by: Oxford Sustainable Business and Entrepreneurship Society</p>	<p>Register here</p>
	<p>Friday, 24, February, 8:00pm Sheldonian Theatre, Broad Street, OX1 3AZ</p>	
<p>GTC Sustainabop</p>	<p>Join us for a fun ocean conservation-themed evening at Green Templeton College’s bar. Dress as sailors, sirens, or swashbucklers, and dance the night away while learning about the importance of plastic reduction.</p> <p>Audience: Students (you might be asked to show your University ID card) Offered by: Green Templeton College</p>	<p>Buy tickets</p>
	<p>Friday, 24 February, 9:00pm-2:00am, GTC, the Stables bar, 43 Woodstock Road</p>	

Throughout the week

"Great Green Reads" - book display	<p>There are so many great books on environmental issues and sustainability. Not sure where to start? Visit the Bodleian Social Science Library for a curated display of some excellent environmental reads!</p> <p>* Additional recommendations lists are available in some of the college libraries.</p> <p>Audience: Staff and students Offered by: The Bodleian Social Science library</p>	
	<p>20 February–17 March, during library opening hours Bodleian Social Science Library, Manor Road building</p>	<p>No registration required</p>
