

Be part of the solution:

-  Make a meaningful and tangible difference towards sustainable practice in just one year.
-  Join a community of Oxford colleagues, passionate about the environment.
-  Expand your knowledge and gain experience beyond the remit of your day-to-day work.
-  Contribute to the University's strategic goals of net zero carbon and biodiversity net gain by 2035.
-  Receive environmental accreditation and celebrate with other teams at the annual Sustainability Showcase.

green impact

Your roadmap to sustainability at Oxford

Green Impact provides a toolkit of effective actions staff and student teams can take to improve sustainability within their building, department or college.

- Toolkit actions range from simple to complex and cover a wide variety of environmental topics with opportunities for custom projects.
- Easily adapting to your team's unique schedule, experience-level, interests and priorities.
- Whether you are part of a small team, or work on a very complex site, everyone can make a difference!
